

PUBLIC NOTICE

Goodfellow Air Force Base

Formation of Restoration Advisory Board Membership Solicitation

The Department of Defense recognizes the importance of stakeholder participation for Installation Restoration Programs (IRP). Therefore, Goodfellow Air Force Base is announcing the establishment of a Restoration Advisory Board (RAB). The RAB is intended to improve public participation by involving the community in the restoration decision-making process.

The RAB will include community members who reflect the diverse interests of the local community. RAB members will be asked to review and comment on plans and activities relating to the ongoing environmental studies and restoration activities at Goodfellow Air Force Base. RAB members will have the opportunity to provide input on activities that will accelerate the restoration. Members will also be expected to serve as a voluntary liaison between the community and the RAB and be available to meet with community members and/or groups. RAB meetings will be open to the public.
