- ❖ Mr. Steve Graham, Army

Who are our Contestants?!

DoD Industrial Hygiene Working Group

Jeopardy! The IH Edition

The Game

- Jeopardy !!
- Double Jeopardy !!!
- Final Jeopardy !!!!

DoD Industrial Hygiene Working Group

**NSPS Challenges for
Employees and
Supervisors**

Lessons Learned

12

How to Handle Inherent Problems

- Amount of time to work through the steps given you have 14+ direct report employees
- Training employees to write their self assessments

13

Questions

- Can an Army or AF industrial hygienist use the Navy's standardize IH position descriptions (PDs)?
- I've seen some generic objectives for industrial hygienists. Why can't we have a library of objectives like the PDs?

14

Questions

- Raters have a large responsibility under NSPS but what role and responsibilities do Higher Level Reviewers play?
- How do we get folks to take supervisory positions when they are only worth 5% pay increase at most?

15
