

Texas

NAS Kingsville

Facility and Location

Naval Air Station (NAS) Kingsville is a military airport located three miles east of Kingsville, Texas. NAS Kingsville operates high performance single engine aircraft, generally over land. Distance, rather than safety or capacity concerns, limits NAS Kingsville use of overwater areas.

Media Sampled and Findings

Drinking Water — In 2007, two samples reported no detection. Prior to 2007, two samples reported no detection.

Appropriate Actions

Not Applicable. All samples were below the EPA and DoD Preliminary Remediation Goal of 15 ppb.
