

ENERGY,  
INSTALLATIONS  
AND ENVIRONMENT

OFFICE OF THE ASSISTANT SECRETARY OF DEFENSE

3400 DEFENSE PENTAGON  
WASHINGTON, DC 20301-3400

JUN 17 2015

The Honorable Shawn Donovan  
Director  
The Office of Management and Budget  
725 17th Street, NW  
Washington, DC 20503

Dear Mr. Donovan:

As the Chief Sustainability Officer for the Department of Defense, I am submitting the Department's proposed scope 1, 2 and 3 greenhouse gas emission reduction targets as required under section 2 of Executive Order 13693.

- FY2025 Scope 1 & 2 Greenhouse Gas Emissions Reduction Target: 42% reduction in scope 1 & 2 emissions from the FY2008 baseline.
- FY2025 Scope 3 Greenhouse Gas Emissions Reduction Target: 25% reduction in scope 3 emissions from the FY2008 baseline.

These targets were developed using the "Development of Agency Reduction Targets" tool. The DoD proposed goals assume sufficient resources are available to meet mission requirements and our energy efficiency goals.

A similar letter has been sent to the Council on Environmental Quality.

Sincerely,

Mr. John Conger

Performing the Duties of the Assistant Secretary of Defense  
(Energy, Installations and Environment)
