Acting Chief, Division of Endangered Species, FWS, Twin Cities, MN (OES)

Public Hunting on Kirtland's Warbler WMA

Regional Supervisor, FWS, Twin Cities, MN (WSS-TS)

As requested, we have reviewed the draft Environmental Assessment, Capability Determination, and Hunting Plan for the Kirtland's Warbler Wildlife Management Area (WMA). Mike DeCapita has done a fine job and all documents are fully satisfactory from an endangered species perspective. We have no substantive comments on any of the documents.

We sent our Section 7 evaluation to AW on August 14, 1986, which stated "a no effect determination has been made". Therefore, our understanding is that, once the attached documents are finalized and a Finding of No Significant Impact is made, the WMA will be opened to hunting, trapping, and fishing via a Federal Register Notice.
