Annual DoD Ergonomics Conference

Join us at the Albuquerque Convention Center,
Albuquerque, New Mexico, 12-13 August 2003.

The 6th Annual Force Health Protection Conference, 11-17 August, includes a 2-day Ergonomics Track, hosted by the DoD Ergonomics Working Group. This track will serve as the Annual DoD Ergonomics Conference for DoD, Federal, industry, and university safety and health personnel.

On behalf of the DOD Ergonomics Working Group, I'd like to invite you to attend the 6th Annual Force Health Protection Conference. The Ergonomics Track will provide practical, user-friendly information on program development; organizational culture and change; metrics; program implementation and management; best practices; self assessments; cost benefit and return on investments; marketing and communication; ergonomic assessment tools, products and intranet programs; workstation design; and research initiatives.

There is no registration fee to attend the Force Health Protection Conference. Conference attendees are responsible for their own travel and per diem costs.

Go to <http://chppm-www.apgea.army.mil/fhp/> for detailed information on the agenda, CMEs and CEUs, registration, speakers, exhibitors, and hotels.
