OFFICE OF THE ASSISTANT SECRETARY OF DEFENSE

3500 DEFENSE PENTAGON
WASHINGTON, DC 20301-3500

SUBJECT: Fiscal Year 2020 DoD Legacy Resource Management Program Funding

This memo announces that the DoD Legacy Resource Management Program (Legacy Program) will not issue a general Request for Proposals for Fiscal Year (FY) 2020. The Legacy Program is currently in the process of evaluating our strategic priorities and project funding approaches. Additionally, there are a number of continuing projects and previously received, highly evaluated proposals that will account for available FY20 funding.

The Legacy Program regrets any inconvenience that this decision may cause, and we do not anticipate this to be a permanent change. However, based on our current and projected funding levels we feel it is prudent to pursue a way forward that targets our available resources in a manner that addresses DoD's highest natural resource and culture resource management priorities and directly supports mission needs.

A handwritten signature in black ink, appearing to read "Ryan Orndorff", is positioned above the printed name.

Ryan Orndorff
Director, DoD Legacy
Resource Management Program
