

## Vermont Camp Johnson

---

### ***Facility and Location***

Camp Johnson is a 660 acre training site located in Colchester that serves as the headquarters for the Vermont National Guard. The Camp Johnson cantonment area consists of administrative buildings, a combined support maintenance shop, state Maintenance, and a U.S. Property and Fiscal Office warehouse. Outside the cantonment area, there is a field maintenance shop, ammunition storage, and multiple training areas. There are outdoor ranges onsite, but they are currently not in use. There are federal, state, and National Guard personnel located onsite.

### ***Media Sampled and Findings***

**Drinking Water** — In 2011, four of four samples detected perchlorate from 0.06 to 0.08 ppb.

### ***Appropriate Actions***

Not Applicable. All samples were below the EPA and DoD Preliminary Remediation Goal of 15 ppb.
